Preauthorized Checking and Bank Drafting

As a business owner how many times have you heard, "The check's in the mail." Even with the best intentions, some customers will have difficulty making payments to a business on time.. By using our preauthorized checking service, It will allow you to collect a significantly higher portion of the money you have already earned, in most cases 98% of that money. All of this can be done without alienating or harassing customers, and without burdensome overhead expenses. You can expand your business by offering payment terms with monthly bank draft payments. Learn More http://www.paymentautomation.net/ser_pac.php

Accept Checks By Phone

Taking checks over the phone is one of the easiest ways you will ever find to increase sales and profits. Even in today's high-tech, e-commerce driven economy, paper checks are still a major method of payment for many consumers. With Checks by Phone, business owners can now accept checks from every American consumer with a checking account, any time, right over the phone. Sales and profits will increase as soon as this valuable service becomes available to customers. Learn More http://www.paymentautomation.net/ser_cp.php

Note Servicing

Eliminate the frustration of payment collections on your existing loans with loan servicing from Payment Automation Network. Our comprehensive note servicing manages all types of installment loans, notes, contracts, and mortgages. Learn More http://www.paymentautomation.net/ser_loan.php
