## **Patient Payment Plan**

The Patient Payment Plan™ (PPP) is revolutionizing the way doctors across the country collect money from their patients. It allows them to collect a significantly higher portion of the money that they have already earned, in most cases 98% of that money. All of this can be done without alienating or harassing patients, and without burdensome overhead expenses. ## **Free Recorded Webinar - From Cash Crunch To Cash Flow**

This 30 minute presentation can help you get the cash flow in your practice where it needs to be. Our guest speaker, Patrick Phillips, author of the new book, "Cash Crunch to Cash Flow," will show you why you are pocketing much less than you could be, even with your current patient base. He will discuss how to plug the hidden leaks that are draining profits from your practice. And, if you are an office manager or in charge of the receivables, you will have your eyes opened. Spend LESS time on the cash flow and yet see it increase two to three times what it is right now for the practice.

You will be able to view the presentation on your computer screen. It's informative, free and there is no obligation. Learn More. [http://www.paymentautomation.net/Seminar\\_reg.php](http://www.paymentautomation.net/Seminar_reg.php)
